

GANESH K

Derivatives & Market Research Analyst | International Markets analysis

Chennai, India | +91 93458 26255 | ganeshcareer365@gmail.com | www.linkedin.com/in/ganesh-k-579168217

PROFESSIONAL SUMMARY

Market research analyst with 2+ years of experience across equities, commodities, currencies, and cross-asset strategy at a US-focused investment research firm. Applies technical, fundamental, and statistical analysis — trend analysis, volume-based price action — to interpret global market data and generate actionable insight under time pressure. Proficient across Bloomberg Terminal, FactSet, Refinitiv, and Trading view, with VBA automation skills that improve research turnaround. Seeking to bring strong numerical discipline and genuine interest in global futures markets to a derivatives-focused analyst role.

CORE COMPETENCIES

- **Technical & Quantitative Analysis:** Trend Analysis, Macroeconomic Analysis, Volume & Price Action, Statistical Analysis
- **Market Coverage:** US Equities & Sectors, Global Markets, Commodities, Cryptocurrencies, Derivatives (Equities, Options, ETFs)
- **Research Platforms:** Bloomberg Terminal, FactSet, NSE, Refinitiv workspace, TradingView, BlueMatrix
- **Automation & Modelling:** VBA Modelling, Financial Modelling, MS Excel / Word / PowerPoint / Outlook, Claude, Python, SQL
- **Financial Reporting:** US GAAP, Financial Statement Analysis & Drafting, Audit, Sector classification
- **Soft Skills:** Client handling, Multi-tasking, Communication, On-Time Delivery, Composure Under Uncertainty

PROFESSIONAL EXPERIENCE

Associate Analyst — JMN Investment Research Pvt Ltd

Jul 2024 – Present

- Author a monthly cross-asset investor guide covering all US equity sectors, foreign markets, commodities, and cryptocurrencies, translating raw market data into actionable, publication-ready insight.
- Apply trend analysis, moving averages, relative strength, and volume in accordance with price action to evaluate market trends and support strategy development — directly analogous to futures market technical evaluation.
- Automated recurring reporting workflows in Word and PowerPoint using VBA, improving research team efficiency and turnaround time.
- Analysed and classified 3,000+ companies into micro-sectors based on business models, revenue exposure, and industry characteristics, supporting detailed fundamental research and peer comparisons

Audit Analyst (Fixed-Term) — Cohn Reznick Pvt Ltd

Oct 2023 – Apr 2024

- Conducted audits of US-based client financials in compliance with US Generally Accepted Accounting Principles (GAAP).
- Drafted and formulated financial statements and audit reports for client presentation, sharpening fundamental analysis and financial-statement literacy.

Equity Research Analyst (Intern) — Paterson Security Pvt Ltd

Dec 2022 – Jan 2023

- Researched equities, options, and ETFs, building early exposure to derivatives instruments, market structure, and cross-asset research.

Accounting Assistant (Intern) — IIT Madras (ICSR)

Feb 2022 – Apr 2022

- Handled invoice processing, vendor verification, and final settlement — developing the numerical accuracy and process discipline core to markets analysis.

EDUCATION

MBA, Finance — Loyola College of Arts and Science

2023 – 2025

B. Com, Commerce — Avichi College of Arts and Science

2020 – 2023
